RFI for Snow Removal and Seasonal Maintenance (Parking Lots)

Closing Date: May 16

NOTICE OF WHISTLE CESSATION

A whistle cessation means that train operators will not activate the train whistle when approaching public crossing unless there is an obstruction ahead. This procedure is in place for all rail crossings in Town and will be in place for the new pedestrian crossing at The Station upon its opening this fall.

Weed Control Starting Soon

Following the Weed Control Act to control certain plant species, Parks staff control weeds in our community using an integrated system to ensure all reasonable steps are taken to protect and enhance our natural, recreational and non-recreational environments.

As early as May 23, Parks crews may begin treating targeted areas with herbicides, steam treatment and other forms of weed control, weather permitting.

Watch for the yellow signs that are placed at the time of application, including product safety data sheet information.
